

# Communicate With **Impact**

[www.jamesalpe.com](http://www.jamesalpe.com)

it's all about standing out from the crowd...

James Alpe Sign and Design is part of the James Alpe Group which has been established almost thirty years. We set up our Sign and Design company to compliment our commercial vehicle accident repair service, giving us the facility to replace damaged vehicle livery in-house.

We have now expanded and evolved to provide all types of business and vehicle signage to help you promote your business in the best possible light.

We have our own dedicated sign making workshop and design studio in Clitheroe with the latest large format digital printers and plotters. Our service includes design, manufacture, installation and sign refurbishment.

We employ a team of skilled sign making experts along with our own in-house designers to offer a comprehensive sign service for any type of business or application.

Our vehicle livery services include the latest full or part vehicle wraps and we can cater for one off vehicles to a complete fleet of cars or commercial vehicles.

Our team can design and create any type of business signage from shop fronts to complete corporate signage packages. We produce eye catching signage to match your message and your budget.

stunning graphics, fantastic textures, thousands of colours...

For an individual look or to increase your brand presence, vehicle wrapping has many advantages. Both cars and commercial vehicles can benefit from a professionally applied vehicle wrap.

Full vehicle wraps, clear protection wraps, part wraps or a combination, are all available in either digitally printed graphics or one of our amazing coloured vinyls. We have literally thousands of colours and textures to choose from giving an immediate transformation along with lasting paint protection.

At James Alpe Sign and Design our highly experienced technicians will advise you on the best look for your car or commercial vehicle. We have an endless range of designs, or can create something totally bespoke for you, so let your imagination run wild!

make a bold statement on the move...

James Alpe Sign & Design are a major provider of signage to the public sector. Whether it's high visibility and conspicuity vehicle livery or signs for public buildings, schools, local councils etc, we offer a complete public sector signage solution. With the MOD, Prison Service, Ambulance Trusts and Police Forces amongst our client base you can be assured of expert advice and service. We comply with all Chapter Eight requirements and our internal policies and procedures meet the exacting operating standards required by public sector work providers. We operate both a supply only and supply and fit service to emergency services across the UK.

stay 'front of mind' with your audience...

Effective exterior signage is the key in this competitive business world. An expertly designed cost effective sign ensures that your business is promoted in a high impact professional manner and helps you stand out from the crowd.

James Alpe Sign & Design provide signage solutions to a wide range of clients, from football clubs, museums, shops, restaurants, pubs and just about any type of business requiring a sign – traditional or contemporary.

We offer a complete design and installation service from our team of experts and can even repair or refurbish your existing sign if its looking a little tired!

In a nutshell – we offer a range of external sign solutions to meet every need.

one of the most effective advertising tools available...

James Alpe Sign & Design are the north-west's leading vehicle livery company. Using the latest technology, our design, print and cutting equipment can produce the ultimate in advertising for your vehicle.

From a single car or van to a complete fleet, our professionally designed graphics can turn your vehicle into a mobile advertising space. We use vinyl letters and full colour graphics to produce designs which will raise the profile of your business. From removable magnetic signs to straight forward vinyl lettering to a complete vehicle wrap, Sign & Design will work within your budget to create the perfect image for your vehicle.

robust, eye catching, multi-purpose...

Interior Displays

Cost effective professional signage from the experts. We design, manufacture and install high quality interior sign systems to create the right impression for your visitors or customers. Individual signs or complete display systems. Our team will guide you on the best solution for your budget and environment.

Window Graphics

Attract passers by with high impact economical window graphics. We create stunning and eye catching signage using the latest films, materials and techniques. We can create the illusion of frosted or etched glass at a fraction of the cost of the real thing to give a sophisticated and contemporary finish.

Portable Signs

Custom A Boards, pop up banners etc available in all sizes and styles, cost effective and practical and portable!

Exhibition Stands

Dynamic design ideas for modular exhibition stands or off the shelf solutions available to suit any venue or application.
